withness to its value, and that it may obtain the same value from other sources, and that where and from what source it please, without any notice to or knowledge by the parties interested, it may proceed to do so, and that there was equal protection and due process of law" and then questions at that time the Court did not consider, and in so ruling the Court followed a course of error which was followed by Mr. Justice Brewer, of the Federal Supreme Court, as reported in Kansas Pacific Railway v. Co. Co., 168 U. S. 109, 117, 118, 119, 120 Kansas, 11. See also People v. Barker, 3 N. W. 2d 101.

The Court, however, with all due deference to the eminent and fair counsel making the claim, did not hold that the board has power according to its knowledge and judgment, arbitrarily to set aside a valuation of property made by a duly constituted board of appraisers. It is apparent that its action is not based on the exercise of its fair and honest discretion, and no incident of the value of the property.

THEY ACCEPT TOGETHER.

WEAVER AND FIELD ISSUE A
JOINT ADDRESS.In Which They Expound the
Doctrines of the People's Party,
and Give Reasons Why the Voters
should support That Party.PRINCETON, Pa., September 19.—Gen.
Weaver and General Field, the People's
Party candidates for President and Vice-
President, have issued the following ad-
dress:To the People of the United States:
Having been nominated respectively for the
office of President and Vice-President by the
national convention of the People's Party,
which assembled at Omaha, June 18, 1892,
we take this method of formally notifying
the public of our acceptance of the nomination
and of our acceptance of the platform of
the party. We are now in the discharge of
the duty which we have accepted, and we
trust that we shall be able to do so with
the aid of the people of the United States.We have been requested by the national
convention to visit the various States of the
Union, so far as it should be within our power,
and to address the people upon the political
situation and issues presented in the plat-
form. We are now in the discharge of that
duty, having already, one or both of us, vis-
ited fifteen States in the Northwest and South,
and of health and strength are spared we in-
tend to continue the tour until the campaign
is closed. We have been received with marked
enthusiasm everywhere, and we are con-
vinced that the people of the United States
are everywhere becoming acquainted with
their wants and sufferings, and have been
brought face to face with the manifold evils
which so seriously threaten our civilization
and the overthrow of our popular govern-
ment. We wish to express our indebtedness
freely and without reserve, in order that we
may stand acquitted before our fellowmen
and our consciences concerning the whole
matter.The people are in poverty. Their substance
is being devoured by a few monopolists,
trusts, pools and money sharks. Labor is
largely unemployed, and where work is ob-
tainable the wages paid are for the most part
unremunerative, and the products of labor
not paying the cost of production. There is a
matter of serious concern to the whole people.
The leaders of the heretofore dominant par-
ties are everywhere controlled by the great
monopoly and money centers, and manifest
utter disregard for the wants and wishes
of the people. The people are everywhere
being oppressed and crushed by the power
of the trusts, pools and money sharks. The
people are everywhere being oppressed and
crushed by the power of the trusts, pools
and money sharks. The people are every-
where being oppressed and crushed by the
power of the trusts, pools and money sharks.A still greater privilege: We hold that the
right of a free ballot and a fair count are
the right of every citizen, and we are pre-
pared to preserve all rights and upon their
inviolability rest the perpetuity of free
institutions and representative government.
We are prepared to discover in the public mind
of the Southern States through which we have
passed a widespread ignorance of the rights
of the people in the integrity of the
judges of election in receiving the bal-
lots of the people and counting them for
the candidates of their choice. We think
that this evil must be corrected by the intel-
ligence and integrity of the people of the
country, otherwise scenes of violence and
perhaps, bloodshed may follow these efforts
to secure the integrity of the ballot box.
The voter. They will lead to a serious col-
lusion, and that, after consultation
with the people we believe it to be true, be-
yond reasonable question, that the majorityof the white voters of the South are with the
People's Party in every Southern State thus
far visited, and our information leads us to
believe that the same thing is true in the
other States also. The white people are leav-
ing the old parties and casting their lot with
us, and our numbers are continually increas-
ing. We are informed that a large number of
intelligent and reputable people in the
recent State election in Alabama, Captain
Kolb was chosen Governor by over forty
thousand majority, and yet his opponent was
counted in by a majority of ten thousand.
County tickets throughout the State were
counted out and ours counted in. By the
same unblinking methods we are informed
that in the State election which occurred in
Arkansas on the fifth of September at least
50,000 qualified voters of the State were de-
prived of the right of suffrage; that the re-
sults were inaccurate; that at this election
the People's Party, though polled a large
vote in the State, were denied representation
in the appointment of judges and commis-
sioners by whom the election was to be con-
ducted. In consequence of these methods the
will of the legally authorized voters of the
State has been distorted. The only thing that
our friends in that State have to guide them
is in the few counties in which they were able
to vote. We are now in the discharge of
the duty which we have accepted, and we
trust that we shall be able to do so with
the aid of the people of the United States.The people are in poverty. Their substance
is being devoured by a few monopolists,
trusts, pools and money sharks. Labor is

immense vote, their ticket being the Re-
publican largely and was about equal with
the Democrats. We believe that a fair count
of this great body of voters would result in
the election of the People's Party. The
people of the United States. This
deplorable condition of affairs can be
remedied from without. The solution must
come from the people within these States.
supported by a healthy public sentiment
everywhere, and we believe it to be the duty
of all people, without regard to section, to
stand by these noble people of the South
who have risen up to demand good gov-
ernment and honest elections. After
an experiment of many years it is apparent
that neither the Republican party nor the
Democratic party can or will accomplish the
much desired end, to wit, the restoration of
the ballot to a fair and honest basis in the
States of the Union. If the people of the
whole country who desire honest elections
and the repeal of class laws will rally to the
aid of the people of the South, the whole
country will be settled forever. It is certain that
the people of the South will not join the ranks of
the Democrats, and we believe that the
People's Party will be able to secure the
election of the People's Party. The People's Party
affords the only solution of these important
matters.All who desire the revival of business; all
who desire the return of prosperity to the
country; all who desire to relieve the depressed
industries and wage-workers; all who desire
an adequate increase of currency and the free
coinage of silver; all who desire the abolition
of banks of issue and the constitutional con-
trol of the great instruments of commerce by
the Government of the United States; all who
desire that the laws of taxation shall be equi-
tably adjusted to the property of the country;
all who desire that the public domain shall be
sacredly held in trust for the people;
all who desire that the public highways be-
tween the States shall be rendered subser-
vient to the popular good, and finally, all who
desire the restoration of fraternity among the
people and the obliteration of sectional an-
tagonisms should at once regard it as their con-
sacred duty to align themselves under the
banner of the great industrial and fraternal
movement. It seems to us to be quite im-possible that the liberty and justice-loving
people of this country should longer cast their
ballots for the corporations and money
changers. It would seem impossible that they
should make common cause with the in-
famous majority of the people of the South
who have risen up to demand justice and good
government in their respective States. And
it seems quite impossible that the
producers and laboring people of the United
States shall deliver the vote in the
November and cast their votes in harmony
with the corporations and money power who
have systematically robbed them for so many
years; vote in harmony with their despisers,
who made war against their right to organize
for the protection of themselves and families.
With the aggressions of capital on the one
hand and the overthrow by fraud of free elec-
tions on the other, it is possible for our
civilization to last? The new party has its
sublime mission to do in a new era of
justice among men. In the presence of
the members of the People's Party, the
from miracle of every kind, let party lines be
forgotten, and let the generous flame of a
common patriotism sweep every heart and
move every soul.

THE DEMOCRATIC PROGRAM.

It Causes Much Talk Among Politi-
cians—What May Be Done.The politicians of both parties are talking
a great deal about the course the Demo-
cratic State committee has decided to pursue
with reference to the suit brought by the Re-
publicans to test the constitutionality of the ap-
portionment acts of 1885 and 1891. While
Democrats in authority will not confirm
the reported action of the committee, they
do not deny that such action was taken.
Democrats who have to get their news second-
hand, say they have been informed that the
committee outlined in The News of a
course of action which would result in the
repeal of the apportionment acts of 1885 and
1891. The Democrats expect to have the
Supreme Court after the election, and if
the present Supreme Court overturns the
apportionment acts, that court may decide
that this court was in error, and may over-
turn the decision. I know it to be a fact that
the committee has decided to take this course.
The Republicans have brought, and will
elect members of the Legislature under the
apportionment of the last Legislature.Eli Hendricks's Position.
For several days a rumor has been current
that Eli Hendricks, formerly an employee of the
Citizens' Street Railway Company, had been
employed as an inspector of something by the
county commissioners. This appeared credi-
ble, as Hendricks is a man of considerable
abilities and has been in the employ of the
county commissioners for some time. The
Commissioner Farrell was asked what
office Hendricks held.Indiana Militia at the World's Fair.
Adjutant-General Ruckle is making an ef-
fort to have the Indiana militia well rep-
resented at the World's Fair dedication cer-
emony at Chicago next month. Indiana has
been invited to send one thousand troops to
participate in the exercises. There is no
objection with which to pay the ex-
penses of this trip, and consequently the
militiamen will have to pay for their own
transportation. Adjutant-General Ruckle has
secured a railroad rate of 1 cent a mile for the
militia, and as the World's Fair authorities
will furnish tents and rations, it is believed
that the number desired and the plan is to
send four regiments, of eight companies
each, each company to contain from thirty to
forty men.Children in the Capitol.
Custodian Tim Griffin, of the State House,
complains of the throngs of children who
swarm into that building every evening after
school is out. The children make so much
noise that they disturb officers at their work,
and yesterday a group gathered in front of
the Appellate Court room and created so much
din that it had to be sent away. They climb
to the highest accessible places on the upper
floors and swing over the railings around the
balconies, and slide down the banisters, and
in short, keep a considerable part of the cap-
itolian's force employed in keeping them out
of danger.

CARL SCHURZ'S LETTER.

HE DENOUNCES THE REPUBLICAN
CANDIDATE AND ITS WAYSAnd Discusses the Alleged Methods
By Which Elections Are Carried.
—The Effects of the McKinley
Bill—Some Views.NEW YORK, September 19.—The Hon.
Carl Schurz has written a lengthy letter to
the Cleveland and Stevenson clubs of Kings
county and Alexander E. Orr and other
citizens of Brooklyn giving his views on
the present national political situation.
The letter after a brief introduction says:We are told that the tariff is the chief issue
of this campaign. I certainly do not under-
stand the importance of any of its aspects,
but I regard it as only a part of a far more
comprehensive question which is not merely
a matter of policy, but one of principle, and
concerns the general welfare, in fact the moral
vitality, of our democratic system of govern-
ment. And this is of far greater consequence
than mere considerations of material interest.
Let us look at our present political condition.
I know that there has been and always
will be some money used in elections for
particular proper ends. But it is a notorious
fact that money is now used in presidential
and even in State campaigns which a generation
ago would have been thought of as utterly
unthinkable. The money is used for the
purpose of bribing a variety of forces; that
not a few constituents, not long ago
purely honest, have been corrupted, and that
the evil has been growing and spreading of late
years from year to year. Indeed, we have reached
the point where the raising of money for use in
elections is officially recognized as a high
political duty, and the raising of money for

ON LOCAL RAILROADS.

FREIGHT TRAFFIC HINDERED BY LACK OF POWER.

Prospective Changes on the Big Four—Mackey Anxious to Restore Rates—Meeting of Telegraphers—G. A. R. Business.

If the local roads had more power they would probably do more business. The Big Four freight-houses are packed with freight, and the yards are crowded with cars to such an extent that there is almost a blockade. Everything that can make steam is pressed into service, and that there was a slight falling off of loaded cars last week was due to the fact that the roads have not enough machinery. The west-bound movement is greater than it has been for years, and east-bound traffic has exceeded expectations. This is the busy season of the roads and they are all making their harvest. The train-sheets show the following figures for cars loaded: Vandalia division, 1,185; Lake Erie and Western, 967; Cincinnati, Hamilton & Indianapolis, 775; Indianapolis, Decatur & West, 437; New Monon, 406; Pennsylvania lines: Indianapolis & Vincennes, 712; Cincinnati division, 721; Louisville division, 571; Indianapolis division, 1,303; Peoria & Eastern lines: West end, 1,234; east end, 1,002. Big Four lines: Chicago division, 1,180; Cincinnati division, 2,912; St. Louis division, 2,264; Indianapolis division, 2,118. Empty cars, 4,226. Total movement, 24,563.

Prospective Changes on the Big Four. It is reported that H. M. Bronson, assistant general passenger agent of the Big Four, will resign in the near future. It is claimed that the sending of R. F. Keiser from Cincinnati to take C. Dixon's place at Detroit agent here means that as soon as Keiser is familiar with the work he will step up higher. Local officials, however, claim to know nothing about Mr. Bronson's probable retirement. W. H. Baldwin, assistant general passenger agent, with headquarters at Elkhart, has tendered his resignation and will retire October 1. Mr. Baldwin formerly was general passenger agent of the Cleveland, Sandusky & Cincinnati, and when that road became part of the Big Four system he went to the Cincinnati, Wabash & Michigan. After that line was merged into the Big Four he was made district passenger agent. It is reported that he will go with the Pennsylvania. Other changes in the passenger department are in prospect and no man knows just how long he will draw pay from the corporation. President Ingalls has given orders that the Big Four and the Chesapeake & Ohio must be curtailed. The reasons set forth are that passenger earnings are not commensurate with the expenditures.

The Cholera scare hurts business. While the Big Four did much business Saturday and Sunday with the G. A. R. people, it did not do as much as was expected, or as was under contract. "The cholera scare," said Assistant General Passenger Agent Bronson, "caused a falling off of at least 80 per cent. The people were afraid to travel, and a number of posts that had made contracts forfeited their deposits rather than go. I have a heavy business that last year, and would have had much more but for the reason I state." Though not expecting to do much, the Cincinnati, Hamilton & Dayton had a good G. A. R. business out of Indianapolis. Besides the regular trains, a special left here yesterday morning that was well patronized. The Pennsylvania did what District Passenger Agent Bruner calls "a cracking business." Several specials were run and all of them were well loaded. The heavy business out of Indianapolis, however, was done by the Big Four. The Lake Erie & Western brought in several coach loads, as did the New Monon.

Secret Meeting of Telegraphers. The general committee of the Order of Railway Telegraphers had a short meeting at the Hotel English yesterday afternoon. The committee is composed of D. K. Truman, Chicago; D. Lemon, Atkinson; W. D. McClerkin, Cincinnati; L. McClara, Columbus, O.; J. E. Anderson, Lilly Chapel, O.; J. L. Bergan, Gillespie, Ill.; W. S. Stevens, Chicago; J. D. Sherer, Chicago; J. D. Dalley, Farmland; H. Reynolds, Versailles, Ill. The meeting was for the purpose of making arrangements to demand an increase of pay on the Big Four. Local operators were in attendance and had much to say, but their names were kept secret. One operator from the Pennsylvania was present. On that line the order is weak, and it is not likely that a demand will be made. The order has succeeded in securing an increase on a number of Western and Southern lines. The New Monon and the Vandalia have also given its operators an advance in pay.

THE FRIENDS' MEETING.

Large Gathering At Plainfield Yesterday—Great Number of Vehicles.

It taxed the Vandalia Railroad Company to handle the Indianapolis people who went out to Plainfield to Friends' yearly meeting yesterday. The crowd at the Union station at noon was so great that the company took local passengers on both the fast trains that go west between 12 and 1 o'clock. In order to bring the people back the road was compelled to run a special train of eight coaches, and there was no elbow room for all Indianapolis friends who have been attending the yearly meeting for years say that the crowd yesterday was the largest in the history of the gathering. The farmers and their families were there from all the counties around, and the array of bugies and carriages they packed into the ten-acre lot was a sight to the people from the city. There were actually thousands of these vehicles, and the procession they formed as they were strung out on the highways toward bound late yesterday afternoon is seldom seen in Indiana.
